

## Research statistics for 2007

### High Altitude Research Station Jungfrauoch

| Institute  | Country     | Research with overnight stay | Research during the day only |
|--|-------------|------------------------------|------------------------------|
| Department of Internal Medicine, CHUV, Lausanne  | Switzerland | 259                          |                              |
| Institut d'Astrophysique et Géophysique, Université de Liège   | Belgium     | 234                          |                              |
| Laboratory of Atmospheric Chemistry, Paul Scherrer Institut, Villigen  | Switzerland | 134                          | 18                           |
| Institute for Atmospheric Physics, University of Mainz and Max Planck Institute for Chemistry Mainz<br>Universität Mainz | Germany     | 94                           | 2                            |
| School of Earth Atmospheric and Environmental Sciences, University of Manchester   | UK          | 62                           |                              |
| Medizinische Klinik Innenstadt, Pneumologie, Medizinische Klinik, München  | Germany     | 60                           |                              |
| Institute for Atmospheric and Climate Science, ETH-Zentrum, Zürich   | Switzerland | 51                           | 5                            |
| Institut für Troposphärenforschung, Leipzig  | Germany     | 48                           |                              |
| Institut für Atmosphäre und Umwelt, J.W. Goethe Universität, Frankfurt   | Germany     | 43                           |                              |
| Institut für angewandte Geowissenschaften, Technische Universität Darmstadt  | Germany     | 21                           |                              |
| Laboratoire de Pollution Atmosphérique et Sol, École Polytechnique Fédérale de Lausanne, Lausanne                        | Switzerland | 20                           | 2                            |
| Institut für Geowissenschaften, Universität Mainz  | Germany     | 17                           |                              |
| Labor für Radio- und Umweltchemie, Paul Scherrer Institut  | Switzerland | 15                           |                              |
| King's College London School of Medicine   | UK          | 12                           |                              |
| Eidg. Materialprüfungs- und Forschungsanstalt (EMPA) Dübendorf   | Switzerland | 9                            | 39                           |
| Department of Physics, University of Rome „La Sapienza“  | Italy       | 8                            | 3                            |
