

Acknowledgements

We gratefully acknowledge financial support and support in kind from

Swiss National Science Foundation (SNF), Bern
Fonds National de la Recherche Scientifique FNRS, Bruxelles
Max-Planck Gesellschaft, München
The Royal Society, London
Österreichische Akademie der Wissenschaften, Wien
University of Bern
Schweizerische Akademie der Naturwissenschaften (SCNAT), Bern
Jungfraubahnen AG, Interlaken
Gornergrat Bahn AG, Zermatt
Burggemeinde Zermatt, Zermatt
Canton of Bern

We would like to thank the Swisscom Broadcast AG, armasuisse Immobilien
and the Jungfraubahnen AG for the cooperation and support at the Jungfrau
East Ridge.

And our hearty thanks to all the individual research groups at Jungfrauoch
and Gornergrat who contributed the scientific content of this report.
Their enthusiasm and success, combined with their discipline and hard work,
are our greatest motivation.
